*Based on times swum by Beacon members at Beacon Swimming Club Championships or Licensed Times swum at Open Meets in a 25m (short course SC) pool or 50m (Long Course LC) pool. The Licensed times are taken from the ASA database or from historical club documents for times swum in meters at a licensed meet before the ASA database.

IMPORTANT NOTE: records only count if on the date of the swim the swimmer was a current fully paid up member of Beacon SC.

The Skins event is a 50m knockout event where the swimmers race not knowing what the stroke will be until it is drawn seconds before the start. After each race the last placed swimmer leaves the pool and the event continues until only two are left to battle it out for the £20 prize money. To qualify for the event the swimmer must be one of the six fastest boy and six fastest girl swimmers of the 100m Individual Medley.
